2020 HISPANIC CHAMBER GALA AWARD RECIPIENTS

Luis "Lou" Puentes

Lehigh Valley Health Network,
VP Operations & Public Safety

Lou established a plan with LVHN's philanthropy team for the acceptance of community donations which were arriving at our hospitals by the droves. And he worked tirelessly – every day for nearly two months straight – to assure the safety and well-being of patients, colleagues and our community. During what is an unprecedented global health crisis, Lou Puentes has risen to the challenges, and used his skills as a nurse and emergency preparedness expert to help LVHN successfully manage the many demands of COVID-19 as they impact our health network and community.

Sonia Iparraguirre

St. Luke's University Hospital,
Registered Nurse

Sonia Iparraguirre, admitted our first COVID-19 patient to the Bethlehem Campus. Sonia embraced this unknown challenge with true grace and professionalism. She not only played a vital role in providing quality patient care she went above and beyond in providing the intangibles that played such a crucial and meaningful role during this uncertain time. They included such as things as comforting patients on isolation, spending time to listen to patients crying in fear of the effects of COVID-19 as well as facilitating communication with family members of these fragile patients. Sonia graduated from Saint Peters University in New Jersey with her Nursing Degree.
